

Hosting

Blue Spike Hosting

is committed to providing web hosting, domain name registration, and quality support to small business owners and individuals. We are committed to helping our clients succeed by working with them to develop an online web presence for their business which meets their needs.

Blue Spike Hosting offers more storage space and bandwidth than many of its competitors. At the present three plans are offered. These are our Business Plan for \$7.95 per month, our Corporate Plan for \$12.95 per month and our Enterprise Plan for \$16.95 per month. The Business and Corporate Plans provide plenty of storage space and bandwidth for small businesses with plenty of room for expansion. They also allow for easy upgrading to the Enterprise Plan should the need arise.

MAXIMUM PERFORMANCE

Blue Spike Hosting provides its clients with the best hardware equipment out there. Server hardware is optimized for a maximum performance and minimum server load.

DATA CENTER

The rivalry between the companies engaged in e-business, especially those in the web hosting industry, raised the stakes so high that the choice of an appropriate data center has come to be a crucial factor in the provision of a quality hosting service. As a valued web hosting client of Blue Spike Hosting you will enjoy all the benefits of our state-of-the-art data centers , located on 2 continents.
